

Canyon Ridge Christian Prep COVID-19 Safety Plan

Canyon Ridge Christian Prep has the following safety plan in place if any students, staff or parents are infected with COVID-19:

While in the Purple Tier, CRCP will meet outside only for classes and has the option for allowing students to join via Zoom for some classes that are not able to come in for in-person classes.

IF someone at school develops COVID symptoms, CRCP will contact trace anyone who may have had close contact with that student/staff/parent. Close contact is defined as anyone who was within 6 feet of an infected individual for a total of 15 minutes or more over a 24 hour period. If there is anyone who meets that definition at school, an email and text message will be sent out by the registrar letting those families affected know that they have come in contact with someone and will need to self-quarantine for 14 days and monitor for symptoms. If NO symptoms show at the end of the 14 days, we will welcome you back to school. Testing will be left up to each parent as we will respect each family's stance on getting tested.

As always please remember to wear masks at all times except when eating lunch. Please refer to the COVID safety policy for the safety requirements that the school has implemented.

Due to the nature of how our school functions, Canyon Ridge Christian Prep has also implemented that if any student and family leaves the state for any reason, that they quarantine for a minimum of 10 days before coming back to school. During the self-quarantine period, we ask that the family monitor for any symptoms and let the school know if any appear.

Canyon Ridge Christian Prep takes great care to ensure that all our students and staff as well as our parents stay safe during these uncertain times.
